I understand that electronic devices and the Internet can provide students with valuable learning experiences. I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information may be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care; protection against exposure to harmful information should depend upon responsible use by students.

I believe _____ (name of student) understands this responsibility, and I hereby give my permission for (him/her) to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of Internet access for some time and possible disciplinary absence.
