23 November 2018

Dear Parents, Carers and Community of Logan Village State School,

I write to inform you that yesterday I was offered and have accepted a promotional position as Principal at Redland Bay State School for semester 1 2019.

The position will see me much closer to home and will give me more time in my day to give back to my family.

While the position is for 6 months at this stage, it is possible that I may not return to Logan Village in the future.

In the 8 years that I have worked at the school, I have seen the school transform into a high performing school. The community are blessed to have so many hard working staff who make a significant difference for the students in their care.

I have very much enjoyed and thank you all for the opportunity to work with the families and the community of Logan Village.

There remains a very big place in my heart for the wonderful people who work with and call this community home.

There will be a selection process to find my replacement and I will communicate the name of the successful applicant as soon as I am able.

Yours in Education

Alan Bunce
Principal
